

Special Offer! Upgrade Your Lighting On Us and Save \$\$\$\$

Get **FREE** LED lighting upgrades for common areas in your multifamily building (5+ units) and save big.

Last year, we upgraded 450 buildings—at no cost to the customer—saving each building an average of **\$4,300** in electric costs each year.

Why LEDs?

- They can last up to 15 years
- They use up to 50 percent less energy and produce less heat than incandescents and CFLs
- They give off a warm light that makes your building look great

LED lighting will save you and your residents money, and help us keep our system more reliable.
